Change Text

Changed to: ICD-9 PRIMARY EXTERNAL CAUSE CODE

Throught this field, 'E-code' has been replaced with 'External cause code'

Changed to: ICD-10 PRIMARY EXTERNAL CAUSE CODE

Revised: #8904 Should not be Y92.X/Y92.XX/Y92.XXX (where X is A-Z or 0-9)

Revised: #8905 ICD-10 External Cause Code must not be Y93.X/Y93.XX (where X is A-Z or 0-9)

Throught this field, 'E-code' has been replaced with 'External cause code'

Changed to: ICD-9 PLACE OF OCCURRENCE EXTERNAL CAUSE CODE

Throught this field, 'E-code' has been replaced with 'External cause code'

Changed to: ICD-10 PLACE OF OCCURRENCE EXTERNAL CAUSE CODE

Added: #9003 Place of Injury code must be Y92.X/Y92.XX/Y92.XXX (where X is A-Z or 0-9)

Throught this field, 'E-code' has been replaced with 'External cause code'

Changed to: ICD-9 ADDITIONAL EXTERNAL CAUSE CODE

Added: reference to Appendix 3: Glossary of Terms for multiple cause coding hierarchy

Throught this field, 'E-code' has been replaced with 'External cause code'

Changed to: ICD-10 ADDITIONAL EXTERNAL CAUSE CODE

Added: reference to Appendix 3: Glossary of Terms for multiple cause coding hierarchy

Throught this field, 'E-code' has been replaced with 'External cause code'

Added: Check all that apply

Added: Check all that apply
Removed: Based upon UB-04 disposition coding

Added: #6207, "Field cannot be Not Applicable"
Added: reference to Appendix 3: Glossary of Terms for definition of Co-Morbid Conditions

Added: Check all that apply

Retired: #6905, Not Applicable, required Inclusion Criterion

Retired: #8705, Not Applicable, required Inclusion Criterion

Retired: #9, Discharged/Transferred to another type of rehabilitation or long term care facility
Added: #10, Discharged/Transferred to court/law enforcement

Added: #11, Discharged/Transferred to inpatient rehab or designated unit
Added: #12, Discharged/Transferred to Long Term Care Hospital (LTCH)
Added: #13, Discharged/Transferred to a psychiatric hospital or psychiatric distinct part unit of a hospital
Added: #14, Discharged/Transferred to another type of institution not defined elsewhere
Removed: Disposition to any other medical facility should be coded as 9
Added: Disposition to any other medical facility should be coded as 14
Added: reference to Appendix 3: Glossary of Terms for definition of Complications
Added: Check all that apply

Added: Check all that apply

Changed: to read "Collect on all patients"

Added: (units or CCs)

Added: (units or CCs)

Added: Must also complete the fields Transfusion Blood
Measurement and Transfusion Blood Conversion
Changed: to read "Collect on all patients with transfused *packed
red blood cells* within first 4 hours after ED/hospital arrival

Added: (units or CCs)

Added: (units or CCs)

Removed: If no blood was given or the patient does not meet the
collection criterion, then volume should be 0 (zero)

Added: The null value "Not Applicable" is used if no blood was
given
Added: The null value "Not Applicable" is used for patients that do
not meet the collection criterion
Added: Must also complete the fields Transfusion Blood
Measurement and Transfusion Blood Conversion
Retired: #11403, Not Applicable, required field

Changed: to read "Collect on all patients with transfused *packed
red blood cells* within first 4 hours after ED/hospital arrival

Added: (units or CCs)

Removed: If no plasma was given or the patient does not meet the collection criterion, then volume should be 0 (zero)

Added: (units or CCs)

Added: The null value "Not Applicable" is used for patients that do not meet the collection criterion
Added: Must also complete the fields Transfusion Plasma Measurement and Transfusion Plasma Conversion
Retired: #11103, Not Applicable, required field

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: (units or CCs)

Removed: If no plasma was given or the patient does not meet the collection criterion, then volume should be 0 (zero)

Added: (units or CCs)

Added: The null value "Not Applicable" is used for patients that do not meet the collection criterion
Added: Must also complete the fields Transfusion Plasma Measurement and Transfusion Plasma Conversion
Retired: #11503, Not Applicable, required field

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: (units or CCs)

Removed: If no platelets were given or the patient does not meet the collection criterion, then volume should be 0 (zero)

Added: (units or CCs)

Added: The null value "Not Applicable" is used for patients that do not meet the collection criterion
Added: Must also complete the fields Transfusion Platelets Measurement and Transfusion Platelets Conversion
Retired: #11203, Not Applicable, required field

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: (units or CCs)

Removed: If no platelets were given or the patient does not meet the collection criterion, then volume should be 0 (zero)

Added: (units or CCs)

Added: The null value "Not Applicable" is used for patients that do not meet the collection criterion
Added: Must also complete the fields Transfusion Platelets Measurement and Transfusion Platelets Conversion
Retired: #11603, Not Applicable, required field

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: (units or CCs)

Removed: If no cryoprecipitate was given or the patient does not meet the collection criterion, then volume should be 0 (zero)

Added: (units or CCs)

Added: The null value "Not Applicable" is used for patients that do not meet the collection criterion
Added: Must also complete the fields Cryoprecipitate Measurement and Cryoprecipitate Conversion
Retired: #11303, Not Applicable, required field

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: (units or CCs)

Removed: If no cryoprecipitate was given or the patient does not meet the collection criterion, then volume should be 0 (zero)

Added: (units or CCs)

Added: The null value "Not Applicable" is used for patients that do not meet the collection criterion

Added: Must also complete the fields Cryoprecipitate
Measurement and Cryoprecipitate Conversion
Retired: #12703, Not Applicable, required field

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Retired: #10904, Not Applicable, required field

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: Excludes CTA
Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Removed: It is possible to undergo embolization of more than one
site (i.e. more than 1 choice is possible)
Added: check all that apply
Added: Nursing Unit/ICU Flow Sheet
Added: Trauma Flow Sheet
Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: Anesthesia records

Added: Nursing records

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: OR Records

Added: Procedure notes

Changed: to read "Collect on all patients with transfused *packed red blood cells* within first 4 hours after ED/hospital arrival

Added: If unclear if surgery was for hemorrhage control, then consult TMD or operating/consulting/relevant surgeon

Added: Anesthesia records

Added: Nursing records

Added: Excludes the discontinuation of CPR and typically involves prior planning

Added: Record the date the withdrawal of an intervention already in place occurs (e.g. extubation). If no intervention is in place, record the date the decision not to proceed with a life-saving intervention occurs (e.g. intubation)

Added: Record the date the withdrawal of an intervention already in place occurs (e.g. extubation). If no intervention is in place, record the date the decision not to proceed with a life-saving intervention occurs (e.g. intubation)

Removed: all ICD-9 and ICD-10 code ranges

Removed: Intermediate care facility

Removed: Home Health Service

Removed: Homeless

Removed: Hospice

Removed: Migrant Worker

Removed: Operative and/or essential procedures

Removed: Skilled Nursing Care

Removed: Undocumented Citizen

Added: Multiple Cause Coding Hierarchy

Removed

Updated Staff

Changed: If Date of Birth is "Not Known/Not Recorded", complete variables: Age and Age Units.

Changed: If Date of Birth equals ED/Hospital Arrival Date, then the Age and Age Units variables must be completed.

Changed: If Date of Birth is "Not Known/Not Recorded", complete variables: Age and Age Units.

Changed: If Date of Birth equals ED/Hospital Arrival Date, then the Age and Age Units variables must be completed.

Added: #0706 Field cannot be blank when Age Units is not: (1) blank, (2) Not Applicable, or (3) Not Known/Not Recorded

Added: #0707 Field cannot be Not Applicable when Age Units is not: (1) blank, (2) Not Applicable, or (3) Not Known/Not Recorded

Added: #0708 Field cannot be Not Known/Not Recorded when Age Units is not: (1) blank, (2) Not Applicable, or (3) Not Known/Not Recorded

Changed: If Date of Birth is "Not Known/Not Recorded", complete variables: Age and Age Units.

Changed: If Date of Birth equals ED/Hospital Arrival Date, then the Age and Age Units variables must be completed.

Added: #0804 Field cannot be blank when Age is not: (1) blank, (2) Not Applicable, or (3) Not Known/Not Recorded

Added: #0805 Field cannot be Not Applicable when Age is not: (1) blank, (2) Not Applicable, or (3) Not Known/Not Recorded

Added: #0806 Field cannot be Not Known/Not Recorded when Age is not: (1) blank, (2) Not Applicable, or (3) Not Known/Not Recorded
